WEEKLY MEMORY VERSES

SEPTEMBER 2-6 | HEBREWS 11:17-19

"¹⁷By faith Abraham, when he was tested, offered up Isaac. He received the promises and yet he was offering his one and only son,¹⁸the one to whom it had been said, Your offspring will be traced through Isaac.¹⁹He considered God to be able even to raise someone from the dead; therefore, he received him back, figuratively speaking."

SEPTEMBER 9-13 | 1 JOHN 3:18

"Little children, let us not love in word or speech, but in action and in truth."

SEPTEMBER 16-20 | EPHESIANS 3:20-21

"²⁰Now to him who is able to do above and beyond all that we ask or think according to the power that works in us — ²¹to him be glory in the church and in Christ Jesus to all generations, forever and ever. Amen."

SEPTEMBER 23-27 | HEBREWS 11:24-26

"²⁴By faith Moses, when he had grown up, refused to be called the son of Pharaoh's daughter ²⁵and chose to suffer with the people of God rather than to enjoy the fleeting pleasure of sin. ²⁶For he considered reproach for the sake of Christ to be greater wealth than the treasures of Egypt, since he was looking ahead to the reward."

SEPTEMBER 30 - OCTOBER 4 | HEBREWS 9:22

"According to the law almost everything is purified with blood, and without the shedding of blood there is no forgiveness."

the 1990s, the number of people in the UK who are employed in the public sector has increased from 10.5 million to 12.5 million (12.5% of the population).

There are a number of reasons for this increase. One is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

Another reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

A third reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

A fourth reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

A fifth reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

A sixth reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

A seventh reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

An eighth reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

A ninth reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

A tenth reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

A eleventh reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.

A twelfth reason for the increase is that the public sector has become a more important part of the economy. The public sector has grown from 10.5% of the economy in 1990 to 15.5% in 2000. This is due to a number of factors, including the fact that the public sector has become a more important part of the economy.
